Ljubljana, 28th March 2012

Dear Colleagues,

Before UEMS Council meeting we are sending you a **short report** on the activities of our Section in 2011.

In the year 2011 we had two Section's meetings:

- in May 2011 in London and
- in September 2011 at Lake Bled.

The most important goals we succeeded to achieve last year were as following:

- the proposal on European Working Time Directive,
- collaboration on Electromagnetic Fields Directive,
- the improvement of our website: <http://www.uems-occupationalmedicine.com>
- information exchange and support of international projects relevant for the section (e.g. Modernet, ATOM, EASOM),
- survey on National Societies of Occupational Medicine,
- information exchange on meetings of national Sections of occupational medicine and exchange of trainees,
- four working groups dealing with relevant topics.

The Invitations and the Minutes were always sent to the Secretary General of the UEMS, we have already re-established the contacts with the new elected UEMS Executive Board.

Sincerely,
Alenka Škerjanc, MD Msci
Secretary of UEMS Section of Occupational Medicine
